The School for the Blind

*Dear Friends and
Supporters,*

The School for the Blind has recently introduced

creative subjects, where the students learn to develop their ability to sculpt and build with their hands each, according to their visual ability. The school does not really have the finances for this but is hoping that some of the children's creations can be sold and that thereby new materials can be purchased. Teachers and volunteers who provide this kind of instruction, work for no pay. – Sunday school is also very appreciated by the younger children. SB Foundation contributes SEK 47,000 per month towards the running of the school and has now also sent money for Christmas presents.

A warm thank you for your donation from both the School for Blind Children and the SB-Foundation
