ESTONIA

*Dear Friends and
Supporters,*

In October 2022, we wrote about St Martin's congregation in Estonia and its need for a new electric organ. At the time we asked if our donors wanted to contribute to this instrument so the sound of beautiful music could be heard again by the congregants. We had a positive response from the friends of the Foundation; and we have received lovely pictures showing that the organ is now in use. The Dean of the parish Küllike Valk and the entire St Martin congregation send warm and grateful greetings to the donors of SB Foundation.

We have told you previously about the camouflage nets that the inhabitants of Hapsala produce at the Aiboland Museum together with Ukrainian refugees. Fiftysix nets have been made and sent to Ukraine. As the photos show, the Museum has received two commendations for its initiative and work. Ülo Kalm calls them "our shared prizes" and writes as follows:

I thank the entire SB Foundation for its financial support; it has helped us greatly in managing our economy. A thousand thank you's to all! If you are able to support us again this year we would be most grateful. In Hapsal we now have 336 refugees of whom 93 are school age children.
