Voivodeni

Romania

*Dear Friends and
Supporters,*

During 2020 the SB Foundation decided to help create a "multisports field" for the young people in Voivodeni village. One large machine after another rolled in and dug, excavated, filled in, levelled and cemented the field. Now during the spring of 2021, the last part is being done. An environmentally friendly artificial lawn has been laid out and movable goal posts and nets will be placed there. It will be possible to play football, tennis, bandy etc., says the reputable company Atlas Sport. Money for this project mainly came from the take-over of Gun Ehlin's memorial fund some years ago. We think it is a valuable investment for many of the children and young people. The initiator is of course none less than our partner and priest Denes Csaba who cares for people of all ages wanting to create good opportunities for each and every one. He lives the words of Jesus: *Do unto others as you would have them do unto you.*

Here the flood lights are mounted, and the grass cover with various white markings are laid out.

The sports field will soon be open. The next time we hope to show it completed.

The SB Foundation and our board members *Arne, Elisabeth, Ivar, Lena, Roger* are happy that the foundation's various projects make a difference for the better and we thank all the contributors.
