*Dear Friends and
Supporters,*

In the village of Ciumeghiu our foundation has been working over 10 years to help the Gypsy population. Our contact person in the area is Gheorghe Andrasi called "Ghita" who himself is a Gypsy. If one measures by Swedish standards his family would be lacking, but by Gypsy standards they feel blessed since their two adult children have work. Together with several churches Ghita helps the Gypsies in the surrounding areas to raise their standard of living. He has visited areas nearby the village of Ciumeghiu and he has sent us some pictures that break our hearts when seeing the living conditions of the people there. Our organization does not have a school or food project in Ciumeghiu, but we arrange auxiliary transports that deliver needed shoes, clothing and Christmas gifts. We have now fulfilled the wishes of Ghita by purchasing a soil cultivator that can be used in Ciumeghiu and the surrounding area so they can grow potatoes, vegetables and the like.

The new cultivator

Dana and Nuti have sent us the photos below. They tell us that the weather conditions in Floresti have been minus 20C with no indoor heat. Some are without proper warm outer clothing so they use bathrobes as coats instead. Using the funding provided by the foundation Dana and Nuti have distributed needed medicine to those who are sick.

Heartfelt thanks from SB Foundation and those of us on the board, Arne, Elisabeth, Ivar, Lena, Roger
