ROMANIA - Voivodeni
Roma Program

*Dear Friends and
Supporters!*

Some time ago, SB Foundation received a request to fund a three-month special course aimed at integrating the Roma community in Voivodeni into society. We on the Board of SB Foundation initially questioned whether the Roma would show up for this. We can happily report that our concerns were quickly dispelled. The program involves 50 individuals divided into two groups. The first month is dedicated to the "Family Hygiene Program" and covers treatment of injuries and wounds, proper use of intimate hygiene products, washing of body and hair with shampoo and soap, and correct tooth brushing techniques. Denes Csaba reports that the participants appreciated the program, noting that they said that no one had taught them these essential skills before. Already after the first month, noticeable improvements were observed, with schoolchildren appearing clean and odor-free in the classroom. Furthermore, Denes tells us that packages containing shampoo, soap, shower gel, nail polish, nail brushes, towels, toothpaste, toothbrushes, tampons, and other essentials has been provided to the participants.
