Republ. of MOLDAVA –
UKRAINE

*Dear Friends and
Supporters,*

Surely all of us remember the dreadful news that the Nova Kakhovka Dam in Kherson Oblast, Ukraine, burst in June of 2023 and the enormous volumes of water from the Dnieper River rushed out flooding the area, and that evacuations had begun. Catastrophic consequences were expected down river. Newspapers and television showed photos – here are a few. These poor people – first war and now this!

Sergei, from the Baptist Church in the Republic of Moldova – SB

Foundation's partner – writes as follows: *As soon as my brother and I heard how the catastrophe had impacted people, their homes, property, and animals, both in the city and villages, we traveled at once from our church in Moldova to the city of Kherson in Ukraine (a distance around 450 kms or 280 miles) to buy dehumidifiers and fans for drying out the moisture in the homes as soon as the water receded. The people there find themselves in a catastrophic state. We spoke to them, gave them material and spiritual comfort.*

We are very grateful that we together with SB Foundation can aid and be of use to people who are in difficult conditions. We wish all of you God's blessings and thank God that you are with us in this important mission.

Greetings from SB Foundation via us on the Board, Arne, Elisabeth, Gloria, Lena, Roger
