ROMANIA –
VOIVODENI
Permobil and prosthesis

*Dear Friends and
Supporters,*

A WARM THANK YOU
to each and every one who
contributed to this man,
whom we wrote about in

SB Foundation's August Newsletter, receiving a new Permobil and, in addition, two proper walkers for different purposes, instead of the unsteady support he previously used. How wonderful for him not to be forced to be sedentary, unable to move. He and his family live in quite an isolated location, so the Permobil is crucial for him.

We have also been able to help another man who has had one of his legs amputated. When he was learning to walk with his new prosthesis, he fell and the prosthesis broke. He could not afford to have it repaired. SB Foundation stepped up and paid the required SEK 29,000 – a new one would have been twice the price. The man lives alone and has an outdoor privy. If he cannot walk on his own, he must rely on the assistance of neighbors.

So many in our world have difficulties of one kind or another and we can only help a few. It is easy to despair, but instead we get joy from seeing SB Foundation's efforts mean so much for each person we are able to help together.

Thank you for your help!

Greetings from SB Foundation
