ESTONIA

*Dear Friends and  
Supporters,*

During several years SB-Foundation has supported summer travels for the students of Martna's primary school. After cancellations during the years of the pandemic, the joy was that much greater when a trip could be arranged this year. As a thank you to SB-Foundation for financing the trip, the school has sent a selection of nice photos, showing what the students have experienced. Among other places, they visited Estonia's highest mountain, Suur Munamägi (317 meters, above sea level), also the highest mountain in all of the Baltic States, located in the southeastern section of the country near the border to Latvia – a special experience for the young travelers, since the area around Martna (15 meters above sea level) is quite flat. The name of the mountain means “the big egg hill.”

The students thank the donors of the SB-Foundation and we on the Board send our warm greetings,  
*Arne, Elisabeth, Gloria, Ivar, Lena, Roger*
