Newsletter to friends and supporters

February 2018

*Dear Friends and Supporters,*

Here is a letter from Dana Nandrea, the chairman of Excelsior Foundation, our cooperation organization in Romania for the Floresti Project.

*“At the beginning of this year, looking back on the years that have passed, I see how much we – the Excelsior Foundation and the SB Foundation – have achieved together since we started the Floresti school project in 2014. We thank God for all the support we have received from you and for the commitment that you in Sweden have given to support this project. The project of December was about water: how important water is, and what we – the new generation – can and should do in order to protect and make good use of water. We drank water together and reminded each other of how we had enjoyed swimming and playing in the water during the summer. Before Christmas we made Christmas tree decorations, talked about the birth of Jesus Christ and the amazement and joy these holidays filled our souls with.*

*We also delivered sacks with clothes to the children and their families. It was an intense as well as wonderful month with many pleasant surprises, especially for those who did not expect any Christmas joy. During the year we also managed to give food to many poor families. I hope that 2018 will bring good health to us all as well as much more welfare, which is really needed here. The project from January 15 till February 15 is about trees, bushes and flowers, wild and cultivated plants and herbs – in one word Vegetation.”*

It is such a joy that we in this way can contribute by sharing knowledge, joy and hope!

**Best of wishes and thank you for your help!**
