The SB Foundation (The Foundation of Bread)  
Newsletter to friends and supporters

Summer 2018

*Dear Friends and Supporters,*

## Watching a movie and meeting with cooperators from the Blind School in India and the WWB in Belarus.

Those of you who had the possibility of watching the movie shown by the SB Foundation on May 30th about the Blind School also met our cooperators Raj and his wife Svetlana from India as well as Tanya and Alexej from Belarus. On that occasion you also got a glimpse of the projects supported by the Foundation and what the projects mean to the local people. The persons who work at these places with those who are blind

or visually impaired, disabled or imprisoned are indeed thankful for our being there in the background. This thank you goes to all of you. The film can be seen on the website:

## The Floresti project in Romania

On June 16th we received a mail from the Floresti project, specially aimed at Romani children, in Romania. We run the project together with the organization Excelsior Foundation and its co-workers. This is the mail:

*Dear Friends,  
We hope you are all well. Now we have come to the end of the school year. All of you in the SB Foundation have worked*

*hard together with us in order to make the Floresti pupils from grade 0-IV better equipped for life and also happier. What we do together creates a good possibility, a chance for a future life where knowledge is the key to a better life. What can be worse than lack of knowledge? In every workshop we fight to tear down walls that have been raised in front of these children and instead offer a warm heart, full of understanding and compassion.*

*We called the workshop of the month "Man is the largest realization of universe", i.e. God's highest creation, man, and we asked ourselves, what is the most important thing about us human beings? – Oh yes, the heart! In our hearts the love should dwell which is described in 1 Cor 13. There we find the most wonderful quotation on how we humans should be. We encouraged the children to believe in God and to believe in themselves, in order to give them hope that they will get help if they help and love themselves and each other. That can change their lives into something better. Dear friends, we continue now with the summer workshop from June 18th until July 15th "We and the others – together we are fantastic". This workshop includes a lot of activities and games giving these children joy and knowledge. From July 16th until August 13th we are off duty. We hope that the SB and Excelsior Foundations will cooperate also next year for the Floresti project. Hugs and love, Excelsior Foundation/Dana and Nuti*

## The Voivodeni project in Romania

Our foundation has contributed EURO 3.000 for a minibus so that the pupils will not have to go to school in an open horse wagon. Especially in winter that will be wonderful!

## Clarinet

In the middle of June we told our circle of friends by mail, that we had received a wish for a clarinet to a young boy in Romania, who goes to a music school. We asked if anybody had

one to give to him. A couple of days afterwards we got a pleasant answer: "Hi! I have a clarinet that I'll be happy to send. Ingvar Holmberg." What a miracle! Ingvar says that he played himself as a teenager. Thanks a lot, Ingvar!

## SB Foundation services during the autumn of 2018

During the summer there are no services with the Foundation in the Gustav Adolf Church, but they will start again during autumn at 16 o'clock on the following Sundays: 16/9, 21/10, 18/11 and 16/12. Please, see the website.

## Summer greetings

What joy to be able to contribute in the way we can!  
Thanks, every single one of you!
